

People's Manifesto

St. George South

You. Me. Us Shaping the
Next Five years

A MESSAGE FROM MINISTER ANDY WILLIAMS

Listening first. Building together.

"St. George South is one of Grenada's most active economic centres, home to major tourism, education, business and national infrastructure. Yet residents were clear: growth must translate into safer communities, stronger services, better opportunities, and a higher quality of life for the people who live here."

ANDY WILLIAMS
MEMBER OF PARLIAMENT
FOR ST. GEORGE SOUTH

Dear Residents of St. George South, this manifesto belongs to you.

During the People's Manifesto listening exercise, residents across Belmont, Springs, Woburn, Calivigny, Morne Tote, Calliste, Grand Anse, and other communities spoke openly about the future of St. George South. You shared your concerns, ideas, frustrations and hopes — and trusted us with your vision for the constituency you want your children to inherit.

St. George South is one of Grenada's most active economic centres, home to major tourism, education, business and national infrastructure. Yet residents were clear: growth must translate into safer communities, stronger services, better opportunities, and a higher quality of life for the people who live here.

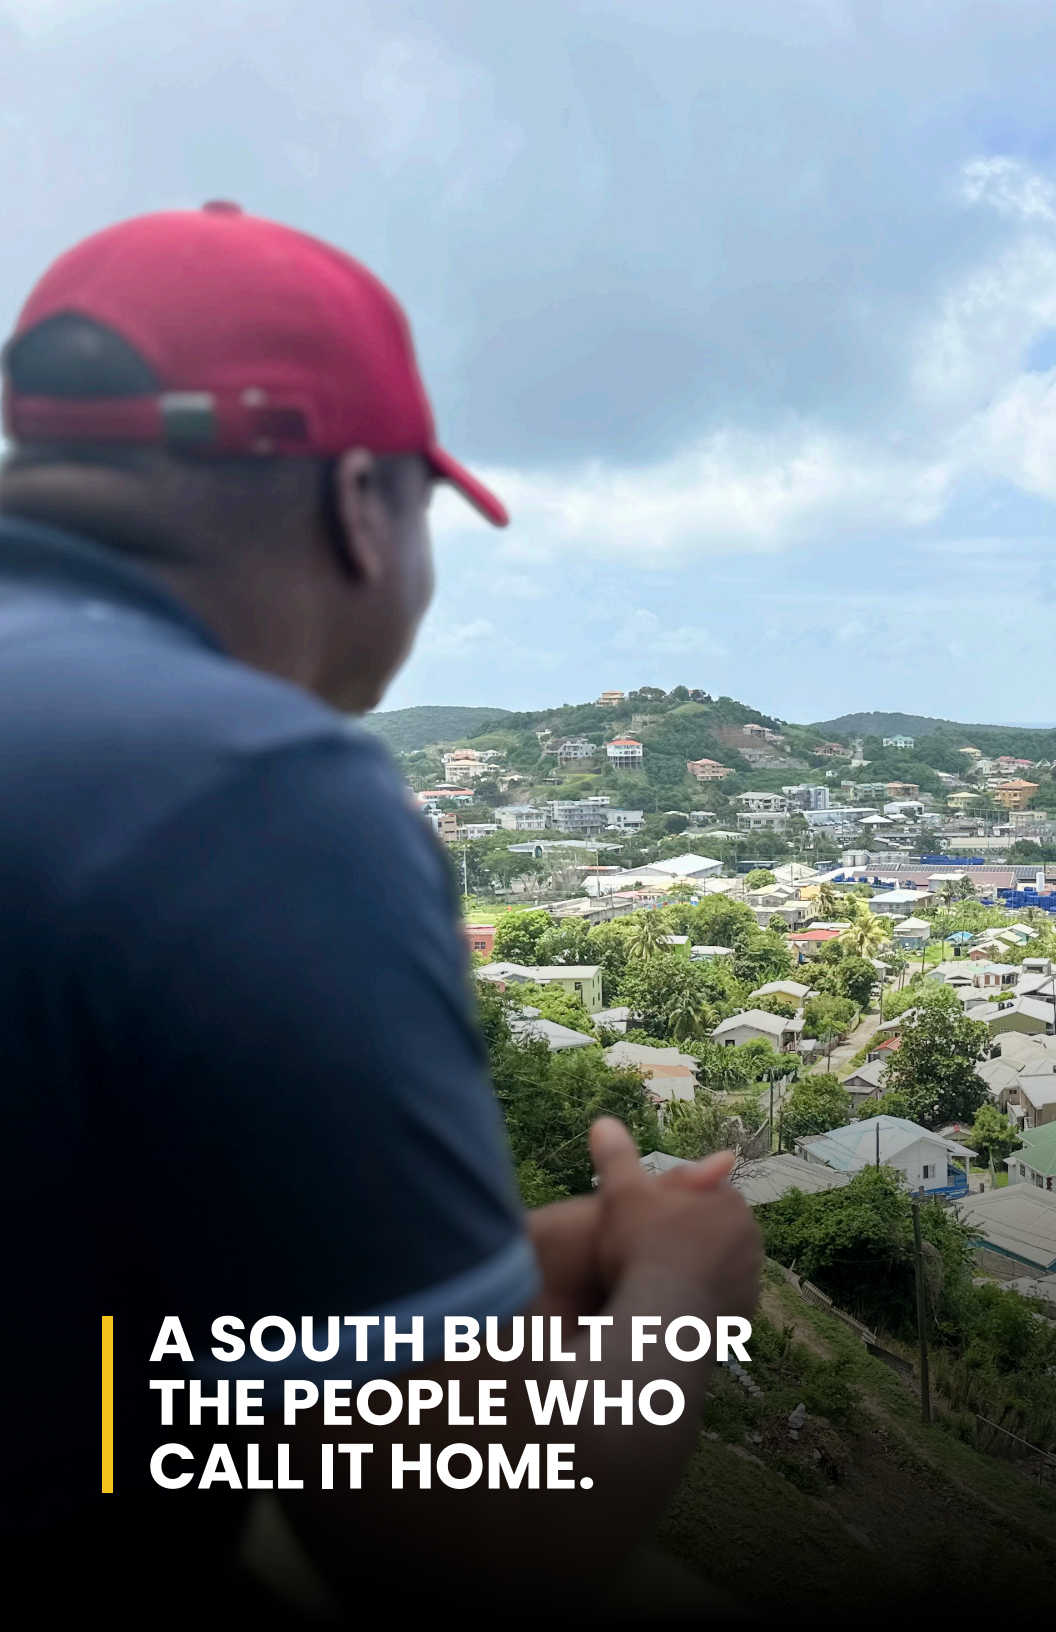

This manifesto brings those voices together in a clear four-year programme of action. It is not simply a document written for the people of St. George South; it is a plan shaped with them.

The commitments that follow are organised around seven pillars: safe and resilient communities; strong communities and social protection; education, skills and youth opportunity; health and wellness; jobs, enterprise and the cost of living; tourism, culture, environment and heritage; and a well-planned, future-ready South.

Our work does not end with publication. Progress must be visible, residents must remain part of the conversation, and commitments must be measured against what is actually delivered.

Together, let us build a St. George South where opportunity reaches every community and development improves the lives of the people who call the South home.

Yours in service,
Andy Williams

**A SOUTH BUILT FOR
THE PEOPLE WHO
CALL IT HOME.**

OUR VISION FOR ST. GEORGE SOUTH

Our vision is to build a safe, connected, caring, productive and sustainable St. George South—a constituency where communities have the facilities and services they need, children have opportunities to learn and develop their talents, young people can acquire skills and find meaningful work, families can access decent housing, seniors can age with dignity, and our natural, cultural and historic assets are protected and developed.

The People's Manifesto listening exercise engaged 212 residents across 10 sessions and captured 241 priorities. The recommendations have been consolidated into seven pillars so that the concerns raised by residents can be translated into a clear four-year programme of action.

PILLAR 1

SAFE, CONNECTED & RESILIENT INFRASTRUCTURE

Improving road safety and infrastructure is a top priority for St. George South. Safer school crossings, better roads, reliable drainage, improved street lighting and accessible public spaces are essential to creating safer, more connected communities.

Here is what we will do:

WE WILL

YEAR 1	Improve drainage and flood-control systems in vulnerable areas, including Woburn, Woodlands, Morne Rouge and the identified locations near Captain Harris and Lala Supermarket.
YEAR 1	Install and repair street and solar lighting in poorly lit areas throughout the constituency.
YEAR 1	Improve pedestrian safety around schools through safer crossings, speed humps, and road signage and protective infrastructure.
YEAR 2	Upgrade priority community roads and road extensions in Calliste, True Blue, Woburn, Springs, Woodlands and surrounding communities.
YEAR 2	Improve dangerous corners, bridges, guardrails, retaining walls and sidewalks, including Charlie Corner and the Quasay area.
YEAR 2	Improve traffic management, address unsafe roadside activities and expand bus stops and shelters along priority routes.
YEAR 2-3	Advance priority connecting roads between Calliste, Gwan Kai, Morne Rouge, Point Salines and surrounding communities, alongside major flood-control and bridge improvements.
YEAR 1-4	Establish a coordinated maintenance and infrastructure programme to deliver climate-resilient roads, drainage, lighting and bridges through improved construction standards and long-term planning.

PILLAR 2

STRONG COMMUNITIES, HOUSING & SOCIAL PROTECTION

Building stronger communities in St. George South requires accessible community centres, decent housing and greater support for vulnerable residents. Creating spaces for learning, skills development, recreation and social activities will help strengthen families and improve community life.

Here is what we will do

WE WILL

YEAR 1

Identify and secure sites for community resource centres in Belmont, Grand Anse, Calliste and Woburn, including the rehabilitation of the Society Hall and other suitable facilities.

YEAR 1

Expand community-based activities for seniors, strengthen assistance for vulnerable households and improve support for victims of domestic and gender-based violence.

YEAR 1-2

Advance affordable housing for low-and middle-income families, including additional housing settlements, land regularization and assistance for homeowners requiring basic rehabilitation.

YEAR 2-3

Establish adult day-care and community support arrangements for seniors, including upgrades to the Grand Anse Home for the Aged and support for the Calliste facility.

YEAR 2-3

Strengthen temporary shelter arrangements for women experiencing domestic abuse and develop rehabilitation and reintegration services for persons affected by substance abuse and homelessness, including consideration of the Carlton House.

YEAR 1-4

Expand community-based programmes for seniors, persons with disabilities and vulnerable families, including senior-friendly transportation, priority services and mental health support.

YEAR 1-4

Strengthen community organizations, volunteer networks and access to social services while promoting affordable and dignified housing.

PILLAR 3

EDUCATION, SKILLS & YOUTH OPPORTUNITY

Expanding access to quality education and skills training is essential to the development of St. George South. Improving access to secondary education, supporting children with diverse learning needs, strengthening technical and vocational training, and expanding adult literacy programmes will help residents develop their talents and build productive futures.

Here is what we will do:

WE WILL

YEAR 1

Launch the South Skills Initiative, offering practical training in plumbing, electrical work, carpentry, sewing, agro-processing, marine and engine repair, and other trades.

YEAR 1

Establish partnerships with businesses and skilled professionals to provide apprenticeships, mentorships and summer employment opportunities for young people.

YEAR 1

Expand after-school support, adult literacy and life-skills programme including assistance for children with literacy and numeracy challenges.

YEAR 1-2

Strengthen support for children with diverse learning needs while expanding education in financial literacy, Grenadian history, culture, music and the creative arts.

YEAR 1-4

Expand academic, technical, creative and entrepreneurial pathways through stronger partnership among schools, businesses and training providers

YEAR 1-4

Strengthen lifelong learning, career guidance and second-chance education for young people who leave secondary school without sufficient qualifications

PILLAR 4

HEALTH, WELLNESS & DIGNITY

Improving access to quality healthcare is essential to the well-being of residents in St. George South. Expanding community-based health services, strengthening elderly care, improving mental-health and substance-abuse support, and promoting wellness and prevention will help build healthier families and communities.

Here is what we will do:

WE WILL

YEAR 1

Strengthen community health outreach in Belmont, Calliste, Woburn, Limes and surrounding communities, including regular mobile health screenings for seniors.

YEAR 1

Improve access to community healthcare by providing better waiting facilities for seniors and reviewing health centre operating hours to better meet the needs of residents.

YEAR 1

Expand community-based mental health awareness, referral services and education on alcohol and substance abuse.

YEAR 1- 2

Upgrade priority community health facilities, examine extended-hour services and strengthen referral systems between local health centres and the General Hospital.

YEAR 1-2

Expand preventive healthcare, nutrition, exercise and wellness programmes through community centres and health outreach initiatives.

YEAR 2-3

Strengthen mental health and substance abuse services through improved coordination among healthcare, social-service and law-enforcement agencies.

YEAR 1-4

Promote preventive care, physical activity and community wellness while strengthening support for seniors, persons with disabilities and vulnerable families

PILLAR 5

JOBS, ENTERPRISE, AGRICULTURE & THE COST OF LIVING

Creating more economic opportunities and reducing the cost of living are key priorities for St. George South. Supporting small businesses, expanding employment, increasing local production and agro-processing, and improving access to affordable energy and transportation will help residents build stronger, more secure livelihoods.

Here is what we will do:

WE WILL

YEAR 1

Launch small-business and entrepreneurship programmes offering business development, financial literacy, mentorship and access to financing.

YEAR 1

Connect young people to apprenticeships, employment and enterprise opportunities in beauty, wellness, food, craft, and other community-based industries.

YEAR 1

Strengthen awareness and enforcement of labor protections and explore improved transportation options for workers, including late-night service.

YEAR 1–2

Establish a South Enterprise and Skills Network connecting businesses, contractors, training institutions, entrepreneurs and young people.

YEAR 1–2

Expand agro-processing and local production, including value-added products, small-scale enterprises and shared processing and packaging facilities.

YEAR 1–2

Develop community markets and expand opportunities for local producers, farmers and vendors to sell their products.

YEAR 2–3

Strengthen small-scale manufacturing, expand links between tourism and local businesses, and explore technical training opportunities in marine and fishing skills.

PILLAR 6

TOURISM, CULTURE, SPORTS, ENVIRONMENT & HERITAGE

Protecting St. George South's beaches, mangroves and heritage sites while developing community-based tourism will preserve our natural and cultural assets and create new opportunities for residents and businesses.

Here is what we will do:

WE WILL

YEAR 1

Strengthen the protection and maintenance of beaches, mangroves and public spaces, including the Clarks Court Bay mangroves, while improving waste management and recycling.

YEAR 1

Further refurbish the Grand Anse Court and Springs Pan house to expand sporting, recreational and cultural opportunities.

YEAR 1-2

Develop Pandy Beach with improved access, seating, sanitation facilities and opportunities for local food and craft vendors, while continuing the revitalization of the Lagoon Road. Kirani James Boulevard

YEAR 1-2

Complete the Mont Toute Music Studio, upgrade and light the Mont Toute Playing Field, and equip the Calivigny Playing Field with lighting.

YEAR 2-3

Develop cultural villages and community tourism experiences showcasing Grendian food, music, craft, history and natural attractions.

YEAR 2-3

Develop cultural villages and community tourism experiences showcasing Grendian food, music, craft, history and natural attractions.

PILLAR 7

A WELL-PLANNED, PROUD & FUTURE-READY SOUTH

Ensuring well-planned and sustainable development is essential to the future of St. George South. Protecting public lands, improving access to beaches and community spaces, and managing infrastructure and heritage assets responsibly will help preserve these resources for future generations.

Here is what we will do:

WE WILL

YEAR 1

Strengthening development planning and monitoring in residential and environmentally sensitive areas, including addressing unauthorized structures and roadside commercial activity.

YEAR 1

Improve enforcement of road, parking and noise regulations while developing solutions for public parking and traffic congestion in commercial areas.

YEAR 1

Restore and repurpose underutilized public buildings for community and cultural use while improving access to recreational spaces and maintaining public facilities.

YEAR 1-4

Develop a long-term infrastructure and development plan that responds to population growth and protects public assets and strengthens coordination among government agencies, utility providers and communities.

TRACKING OUR PROGRESS

**A LIVING DOCUMENT, NOT A
LAUNCH-DAY ONE.**

**A PLAN ONLY MATTERS IF
PEOPLE CAN SEE WHAT IS
BEING DELIVERED.**

The People's Manifesto will not end with its publication. It will be used as a working document to track the commitments made to your community over the next five years.

Progress will be reviewed against the priorities identified in the manifesto, with updates showing what has been completed, what is underway, and what still requires attention.

**THIS WILL GIVE RESIDENTS A CLEAR WAY TO
FOLLOW THE WORK, SEE HOW PRIORITIES
ARE ADVANCING, AND UNDERSTAND WHERE
PROGRESS IS BEING MADE.**

Online Progress Tracker

A dedicated website will list the commitments in the manifesto and show the status of each one — including what has been completed, what is in progress, and what is still to come

Annual Community Review

Each year, we will return to the community to review progress, discuss what has been delivered, and hear directly from residents on what still needs attention.
